APPENDIX 16 (ZERO/QUALIFICATION) TO ANNEX G (COMMITTEE TRAINING) TO CST OPORD 04-01

References:

- a. Map, Series, V8215, West Point and Vicinity, 1:50,000
- b. ANNEX G (COMMITTEE TRAINING) to CST OPORD 04-01
- c. FM 3-22.9, *Rifle Marksmanship M16A1, M16A2/3, M16A4, and M4 Carbine*

Time Zone Used Throughout the Order: Local

Task Organization: See TAB A (Zero/Qual Committee Organization Chart)

1. SITUATION.

- a. Enemy. See base order
- b. Friendly forces. The Cadet Field Regiment consists of 8 Companies; four platoons per company; three squads per platoon with a planning factor of 13 cadets per squad.
- c. Attachments and detachments. None

2. MISSION. Zero/Qual committee conducts sustainment marksmanship training for the Cadet Field Training (CFT) Regiment and supports the Cadet Summer Training (CST) Leader's Training Program (LTP) Warrior Challenge Exercise (TBE), from 10 June to 11 July in order to maintain individual weapons proficiency, foster the *Warrior Spirit* and enhance the competencies of the West Point Warrior.

3. EXECUTION.

a. Intent

Purpose. The purpose of this committee is to provide cadets with proficiency marksmanship training. I expect all committee members to be subject matter experts, provide outstanding training in the spirit of the Warrior Ethos and to conduct themselves in a professional manner at all times.

Key Tasks.

- conduct thorough pre-mission planning
- mentor, inspire and motivate cadets and cadet cadre
- conduct thorough and continuous risk assessment
- facilitate expeditious but quality zeroing of weapons

Endstate. All cadets have had the opportunity to execute proficiency weapons training in a safe and professional environment.

b. Concept of Operations. Our committee will be operational during CST phases I and II and will be further subdivided as follows;

(1) Phase I – Preparation. This phase begins upon receipt of the order and will end upon validation of the training site by the USMA/TF chain of command. During Phase I, we will identify required personnel and equipment, draw training equipment and vehicles, establish our training sites and receive validation to successfully accomplish the mission. The endstate of this phase is that the committee is postured to execute assigned training.

(2) Phase II – Execution. This phase begins with CFT I cadre's Warrior Challenge Exercise on the 9th of June, and ends upon the completion of CBT II cadre's Warrior Challenge Exercise on the 11th of July. On scheduled training days, a CFT company, to include cadet cadre members, will zero with their M-16s on range 4 and qualify on range 11, See TAB B (Zero/Qual Committee Calendar) and TAB D (Zero/Qual Committee Range Guidance). In support of the Leader Training Program's Warrior Challenge Exercise, cadet cadre members will zero their M-16s on range 4 and qualify on range 11. On the second day of the TBE, the cadet cadre will participate in a marksmanship competition conducted on range 5, See Tab B (Zero/Qual Committee Calendar) and TAB D (Zero/Qual Committee Range Guidance). The endstate of this phase is the safe completion of all range operations.

(3) Phase III – Recovery. This phase begins upon the completion of CBT II cadre's Warrior Challenge Exercise on the 11th of July and concludes when all ranges have been cleared, all property is properly cleaned, recovered and turned back into cadet supply. The endstate of this phase is a committee-level AAR and associated brief to the CST S3.

c. Tasks to subordinates.

(1) Platoon Leader:

(a) Responsible for the supervision and execution of all training within the committee.

(b) Submit electronic copies of all proposed visual training aids to the Committee Chief NLT 15 APR 04.

(c) Provide an OIC/NCOIC to sign for equipment and a detail to receive equipment with vehicles o/a 030900JUN04.

(d) Man ranges as depicted in TAB A (Zero/Qual Committee Organization Chart)
